A fated police Report

Hong Yang 832-302-0908
9409 Fondren Road , Houston TX 77074
Case Number:0136920524R

Dear officer:

My name is Hong Yang. My purpose for writing this letter, because the police officer whose name is Mr. R. RAMOS, he wrote the police report entirely wrong.

I had a very severe accident on 27, September, 2024, about 10:10 pm. When I just started driving across the middle of the road and turned left , a red car, Hyundai, suddenly appeared like a bullet with speed over 150 miles to flight on me, and hit my car, then it continued flew out to the another side of the road, and it dropped in front of a parking lot on the another side across the road.

Maybe you will ask how did I know that the speed was over 150 miles? Because I have been seen a lot of severe accidents, and some caused died, but usually two accidents' cars hit together, and staying in the same location. That was the first time I saw the another car could be flight, and it's happened on me!

Let me put a detail about the accident: on September 27 night 10 o'clock, I finished working and I drove my car about 3-4 miles to the Rogerdale Road and Westpark Dr, it was a two-ways road or two lines road, in front of the traffic lights, appearing additional short road which was only for left turn, and I was going to left turn. When I arrived location for the left turn which was the center of the road, the traffic light just became red light .

Maybe I had waited for 30 seconds but I felt waiting 2 minutes, and I saw opposite crossing the road as the same location as mine who was going to left turn from its location. When I started left turn with green light, and I found the car from opposite road didn't left turn instead of straight pass and road, I slowed speed to let it pass, when that car just passed me and it's tail was beside to my driver's side, I was facing that car's original location, and I saw nothing other car, it seemed like a black hole that car left there, but suddenly another car flew over and face to face hit at my car. At that time, it was still green light, the cars from other roads were still waiting for the lights. At the accident moment that my car was in the center of two cars, and I felt like I was done. But the car I had yelled who was continuing driving. After a few minutes later when I got out of my car, an Asia elder lady already got off the her car and waiting for me beside my car, I saw her car parked beside the road with flashing lights, an Asia old man was standing beside car. I looked around and didn't find another car which was hitting me, I thought the car escaped after hitting me. I asked the lady if she saw someone, she didn't answer me. Then a loudly voice came out from farther away, I saw a red car dropping to opposite cross road nearby parking lot, and I couldn't believe that was the car which hit me and dropped so far. I walked to that car, I didn't see any parts dropping off the road either no any marks for emergency breaking, the road was very clean except around my car that dropped parts around it. When I reached the accident red car, I just found that the parts dropped round car at that location. A young girl crazy yelling at me without language, except yelling, about other three young kids were staying with her. The Asia Lady started taking photos, I asked her if she can become my witness , but she still didn't answer me, she only talked with her husband with a little bit sound, I entirely couldn't hear what they talked about. I was thinking maybe she was a Chinese, but she didn't willing talk to me, so I didn't ask her. Later on, I was thinking that maybe she didn't know English or she recognized taking wrong road, and didn't want to involve the problem.

Right now it's four months passed, and no anyone handles the accident, because the police officer, Mr. R. RAMOS used a simple police report to give a simple explanation, the police report said because I passed red light, and he talked with a witness, and no necessary talking with me!

There is a map in the police report , with drawings the accident cars' location, the drawing pictures entirely wrong picture.

In fact when the accident happened there were three cars together. So any witnesses who were not seen three cars together on the road at e accident moment that all lying.

The severe accident caused me in deep depression, when I saw some cars over speed driving, and I started shaking. I am nervous from other cars if who was not paying attention and hit me, the police will say I was passing the red light.

I have auditory and visual hallucinations

But because of the fake police report, I didn't get any compensation.

I am a victim of this car accident, and not only have I been deprived of my right to compensation, I have also been deprived of my right to speak.

I just came out from UHS Behavioral Hospital of Bellaire. I stayed there 9 days. My emotions become better, I understand that I have to do something to help myself. If my case is not belonging to your department, please give me a correct department.

Sincerely! Hong Yang

I will provide video:

1. Car 17 and Car 37
all took wrong road
2. When the accident is
happening. Other cars
from four roads were
all stopped in front
traffic lights. Traffic
left turn was green.

Issue # 62543-2025

Ms. Yang,

The Central Intake Office of the Houston Police Department's Internal Affairs Division has reviewed your statement of complaint regarding the incident in which you were alleged to have been involved. We appreciate your having brought this matter to our attention.

At this point, the accident is a civil case. Given the legal complexities associated with civil accident cases-including liability determination, negotiation with insurance companies, and the potential need for court representation - it is strongly recommended that you retain an experienced attorney to represent your interests. An attorney can provide legal guidance, ensure your rights are protected and advocated on your behalf to seek fair compensation.

The issues described by you do not support an allegation of misconduct on the part of a member of the Houston Police Department; therefore, it will require no further inquiry by the Internal Affairs Division at this time.

All documentation related to the above reference number will remain on file. If you have any additional questions or concerns, please refer to the above "Issue Record" number on any correspondence and/or phone calls.

Sincerely,

Q. Vo, Sergeant

NOTIFICATION OF EMERGENCY DETENTION

Now comes J. Herrera, a peace officer with (name of agency) Houston Police
Department, of the State of Texas, and states as follows:

1. I have reason to believe and do believe that (name of person to be detained) Yang, Hong evidences mental illness.
2. I have reason to believe and do believe that the above-named person evidences a substantial risk of serious harm to himself/herself or others based upon the following:
Consumer stated that she has been diagnosed with depression but is not taking any medication.
Consumer stated that she is hearing voices, is paranoid about people including her ex boyfriend and random drivers on the road wanting to kill her and she is in fear. Consumer stated that she has attempted suicide in the past and has been feeling suicidal for the past few days. Consumer told the reportee that she does not care if she lives or dies.
3. I have reason to believe and do believe that the above risk of harm is imminent unless the above-named person is immediately restrained.
4. My beliefs are based upon the following recent behavior, overt acts, attempts, statements, or threats observed by me or reliably reported to me:
Consumer exhibits signs of suicidal ideation. Consumer is observed to be a threat to herself or others due to her mental state and should be held on an emergency basis.

NO CHARGES

5. The names, addresses, and relationship to the above-named person of those persons who reported or observed recent behavior, acts, attempts, statements, or threats of the above-named person are (if applicable):
Clyde Christ (ex-boyfriend) (936-346-9645)

For the above reasons, I present this notification to seek temporary admission to the (name of facility) NPC inpatient mental health facility or hospital facility for the detention of (name of person to be detained) Yang, Hong on an emergency basis.

6. Was the person restrained in any way? Yes ☐ No ☒

The young girl drove a red car then and hit me.
then the car continued then and dropped opposite cross
the road in front of a parking lot.

The driver kept screaming for about 40 min.
Police found that her car flew more than ten
feet after the collision, and there was no emergency
brake or trace of brakes on the ground. I didn't
suspect her for drunk driving or drug testing.

Car < 1 >

< Driver >

They were stayed at accident location over a hour,
until I was sent to hospital, they were still there,
I have asked her if she like to be my witness but she never talked to me.

(CCOM)

The map from police report was that Car 27, my car
the police report drew after accident my car located at retrograde, and I marked
"wrong map". From the building on the right, you can see
my car on the right of the road

This photo shows more clearly that a lone on the center,
and a lady was standing another side of the Road.

There were about 20 police officers involved. I don't know any name except the officer who wrote the police report. who provided from City of Houston. Here I only can provide some photos.

The accident was happening between Rogerdale road
and Westpark Dr.

If the red car ~~was~~ was not hit by car, the red car was still from this road. This photo is from my video.
